I've worked with Paul Anton Limited on a diverse range of UPS projects over the years. They are always my first choice partner for anything standby power. Rick Butterfield – Operations Manager

**Yelo**

As a taxi company it is essential that we have a reliable UPS system to keep our fleet on the road when there is a power cut. On the few times we have needed the system it has worked perfectly – we would highly recommend Paul Anton Limited. Eric Bailey – Managing Director

I have used Paul Anton Limited for several years now, for servicing of a significant UPS system at the Anglian Water Recycling centre in Tilbury.
